Supervised Research Project

ARCH 30100

18th April 2010

Contents

1. Introduction.....	1
1.1 Synopsis.....	1
1.2 Burgesses and Boroughs.....	1
1.3 Anglo-Normans and Gaelic Irish.....	2
1.4 A Brief History of Medieval Kilkenny.....	3
2. Methodology.....	6
2.1 Methods.....	6
2.2 Scope of the Study.....	7
3. Overview of No 1 Irishtown.....	8
3.1 Structures and Features.....	8
3.2 Finds.....	9
3.3 Legal Status of the Site.....	9
3.4 Context of the Faunal Remains and Taphonomy.....	10
3.5 Retrieval of the Faunal Remains.....	10
3.6 Analysis of the Faunal Remains.....	10
4. Overview of Highways.....	13
4.1 Structures and Features.....	13
4.2 Finds.....	14
4.3 Legal Status of the Site.....	14
4.4 Context of the Faunal Remains and Taphonomy.....	15
4.5 Retrieval of the Faunal Remains.....	15
4.6 Analysis of the Faunal Remains.....	16

5. Results.....	17
5.1 Range of Species Present.....	17
5.2 Species Quantities.....	19
5.3 Age.....	21
5.4 Sex.....	23
5.5 Pathologies.....	24
5.6 Anatomical Distribution.....	26
5.7 Butchery Marks.....	32
5.8 Worked Bone.....	32
6. Conclusion.....	33
Acknowledgments.....	36
Bibliography.....	37

List of Figures

Figure 1: Location of Kilkenny.....	5
Figure 2: Map Showing the Locations of No 1 Irishtown and Highhays Potter’s Yard in Medieval Kilkenny.....	12

List of Tables

Table 1: NISP and MNI of Species at No 1 Irishtown and Highhays.....	19
Table 2: Quantities (NISP) of the Main Meat Providing Domesticates at No 1 Irishtown and Highhays.....	19
Table 3: NISP of Bones Identified as Sheep and Goat at No 1 Irishtown and Highhays.....	21
Table 4: Pathologies on Cattle Bones from No 1 Irishtown and Highhays.....	24
Table 5: Anatomical Distribution of the Three Main Species at No 1 Irishtown and Highhays...	26
Table 6: Anatomical Distribution of Cattle at No 1 Irishtown and Highhays.....	27
Table 7: Anatomical Distribution of Sheep, Goat and Sheep/Goat at No 1 Irishtown and Highhays.....	29
Table 8: Anatomical Distribution of Pig at No 1 Irishtown and Highhays.....	31
